<b>Unit</b>	Unit 3 - History of Sewing and Intro to Hand Sewing					
<b>Concepts</b>	<p>Sewing is the craft of fastening or attaching objects using stitches made with a needle and thread or machine. Sewing helps you develop fine motor skills, improves your focus and concentration and teaches the importance of patience and self-control. Knowing personal boundaries, increasing skill, achieving tangible goals while working outside your comfort zone all support the development of confidence and self-esteem. Hand sewing aims to teach students garment mending skills which they can use in real life situations. Hand stitching is an easy method of stitching hems, small sewing projects and mending clothing and other items. Couture fashion is almost synonymous with hand stitching as it gives more precision and sometimes you can only achieve a particular result by hand. Hand sewing is deeply ingrained in cultures worldwide and aided in the development of cultural dress and advancement of indigenous peoples.</p>
