**Schedule subject to change as necessary.*

COURSE CATALOG

CULINARY ARTS

Each child will get the hands-on experience of making their own pretzels, cookies, & mini-pizzas from scratch! From measuring and mixing to portioning and baking, campers will smell & taste their very own kitchen creations!

DANCE

Campers will experience a variety of dance genres like musical theatre and jazz. Daily classes will include a warm up, stretch, and choreography to award winning music selections and work towards a final performance to be showcased on the final day of camp!

FASHION DESIGN

Students will be introduced to costume design and Haute couture fashions which are commonly worn on the Red Carpet for events! Students will create a glamorous design to showcase at the end of the week and take home to share with their families!

GRAPHIC DESIGN

Students will explore the basic principles of design and the photographic process by creating their own cyanotype print using found objects. On the last day we will use the same process to make t-shirts that the students will be able to take home with them.

MASS COMMUNICATIONS

From TV and movies to photography and social media, students will get in depth technical experience in the Mass Comm lab! Campers will create their own digital media advertisements along with various other projects!

MIXED MEDIA ART

Campers will explore a variety of materials throughout the week, such as collage and sculpture. Students will be introduced to artists, then will sketch and create their own original art to take home at the end of the week!

MUSICAL THEATRE

Learn about showstopping, Tony Award winning Broadway performances as you explore songs and scenes from popular Broadway musicals. Have a blast working on singing, dancing, acting, and creating our own IAA musical revue!

STEAM

The STEAM activities offer students a collection of activities that include science, technology, engineering, art, and mathematics. Using Sphero Bolt Robots, students will express inventive ideas and explore the power of programming.
