

Section: Narratives - Needs Assessment

Introduction

The findings of a recent study showed that there is a significant benefit to students who participate in out-of-school-time (OST) programs. In fact, the Return on Investment of Summer school Programs in Pennsylvania study determined that for every dollar invested in summer school programming for students there was a return of \$6.69 in potential benefits to students, including reduced rates for drop-outs, teen pregnancy, substance abuse, crime and delinquency ([Link PSAYDN.org](#)).

In accordance with the American Rescue Plan (ARP) Act and Pennsylvania Act 24 of 2021 (Act 24), the Pennsylvania Department of Education (PDE) will award approximately \$50,000,000 or one percent (1%) of Pennsylvania's ARP Elementary and Secondary School Education Relief (ESSER) State Reserve funds to support school districts, charter schools and cyber charter schools (collectively, LEAs) in the development and implementation of comprehensive after-school programs to address learning loss in response to the academic, social, emotional and mental health needs of students and subgroups of students impacted by COVID-19 public health emergency that supplement school programs and activities.

Act 24 requires that, when available, existing personnel shall be utilized by school districts, charter schools and cyber charter schools to staff programs and activities established with these grant funds.

Within 90 days of receipt of these allocations, school districts, charter schools and cyber charter schools must submit a three- part plan to PDE, that outlines the proposed use of the grant money, itemized by program and activity. This plan is part of a consolidated application that includes after-school programming, summer programming, and a comprehensive plan to address learning loss. The plan shall include:

- 1) A description of each program and activity
- 2) A narrative outlining the expected benefit of each program and activity
- 3) A budget for each program and activity detailing personnel and operating costs

PDE has developed the Accelerated Learning Toolkit, a significant cadre of resources and trainings, to support LEAs in the development of their plans. The Accelerated Learning Toolkit can be found [Link to Accelerated Learning Toolkit](#).

Section 1 - Needs Assessment: In this section, LEAs are asked to describe the impact of the pandemic on their students since March 2020.

Indicators of Impact

1. Describe how the LEA identified students for inclusion in a summer school program. Include a brief description of the indicators used in the decision-making process.

Any student who was not proficient on the 2020-2021 PSSA or Keystone and not proficient on the final CDT administered in 2021-2022 will be invited to the summer school program.

Section: Narratives - Summer School Program Questions

Summer School Program Questions: In this section, LEAs are asked to describe the activities they have designed to provide summer school programming for their students.

2. Identify the target student-group for the summer school program. Will the focus be on academic growth, social and emotional wellness, or some other factor to support student growth? For each group, provide specific strategies that were used or will be used to identify and measure impacts.

Student Group	Area of Focus	Number of Students Served	Provide specific strategies that were used or will be used to identify and measure impacts
English Learners	Some Other Factor	20	Survey, Observation
Children from Low-Income Families	Academic Growth	50	Survey, Pre and Post Assessment

3. Describe the evidence-based resources that will be used to support student growth during the summer school program.

Students will take courses with the Horizons program at Northampton Community College. This can be done online or in person. These course will help them develop their ability to communicate and interact with others in fun ways. The courses will also help build a stronger foundation for our students in areas such as Chemistry, writing, and mathematics. Additionally, we plan to host a summer program for students who did not pass certain classes or did poorly on PSSA or Keystone exams. We will use strategies learned from Penn Literacy Network this year to increase engagement and literacy skills. We will also address holes in content knowledge using PSSA/Keystone preparation materials.

4. Describe the staff that will provide the summer school program (i.e., internal staff or outside resources).

Number of Staff Members	Internal/Outside Provider	Role
8	Internal Provider	Teacher
0	Outside Provider	Community College coordinating the courses

Number of Staff Members	Internal/Outside Provider	Role

a. The LEA assures it understands it is responsible to offer the work to its internal employees prior to engaging outside entities.

b. The LEA assures it understands it is responsible to ensure that all summer school program staff hold the appropriate certifications for the program that is being delivered.

5. How will the LEA assess the success of the summer school program? Please identify the tool, frequency of use, and expected results.

Tool Used to Evaluate Success	Frequency of Use	Expected Results
Survey	Pre and Post	The goal will be for students to feel more confident communicating with others.
Assessment	Pre and Post	Students will be assessed at the beginning of the program and again at the end to see if specific content was acquired.

6. How will the LEA engage families in the summer school program?

Parents will be invited to give their opinion regarding programs offered. They will also be given written communication regarding the programs available. Additionally, we will post the information on our website and make phone calls home.

Section: Budget - Instruction Expenditures

Instruction Expenditures

Budget

\$30,443.00

Allocation

\$30,443.00

Budget Over(Under) Allocation

\$0.00

Budget Summary

Function	Object	Amount	Description
1000 - Instruction	300 - Purchased Professional and Technical Services	\$5,000.00	Horizons Summer Program with Northampton Community College
1000 - Instruction	100 - Salaries	\$15,000.00	Salaries for teacher teaching onsite summer course
1000 - Instruction	600 - Supplies	\$4,000.00	Vocabulary Surge, novels and other instructional materials for summer program
		\$24,000.00	

Section: Budget - Support and Non-Instructional Expenditures

Support and Non-Instructional Expenditures

Budget

\$30,443.00

Allocation

\$30,443.00

Budget Over(Under) Allocation

\$0.00

Budget Summary

Function	Object	Amount	Description
2700 - Student Transportation	500 - Other Purchased Services	\$6,443.00	Busses for students attending our onsite summer program
		\$6,443.00
