

Section: Narratives - Needs Assessment

Introduction

The findings of a recent study showed that there is a significant benefit to students who participate in out-of-school-time (OST) programs. In fact, the [Return on Investment of Afterschool Programs in Pennsylvania](#) study determined that for every dollar invested in after-school programming for students there was a return of \$6.69 in potential benefits to students, including reduced rates for drop-outs, teen pregnancy, substance abuse, crime and delinquency ([Link to PSAYDN.org](#)).

In accordance with the American Rescue Plan (ARP) Act and Pennsylvania Act 24 of 2021 (Act 24), the Pennsylvania Department of Education (PDE) will award approximately \$50,000,000 or one percent (1%) of Pennsylvania's ARP Elementary and Secondary School Education Relief (ESSER) State Reserve funds to support school districts, charter schools and cyber charter schools (collectively, LEAs) in the development and implementation of comprehensive after-school programs to address learning loss in response to the academic, social, emotional and mental health needs of students and subgroups of students impacted by COVID-19 public health emergency that supplement school programs and activities.

Act 24 requires that, when available, existing personnel shall be utilized by school districts, charter schools and cyber charter schools to staff programs and activities established with these grant funds.

Within 90 days of receipt of these allocations, school districts, charter schools and cyber charter schools must submit a three-part plan to PDE, that outlines the proposed use of the grant money, itemized by program and activity. This plan is part of a consolidated application that includes after-school programming, summer programming, and a comprehensive plan to address learning loss. The plan shall include:

- 1) A description of each program and activity
- 2) A narrative outlining the expected benefit of each program and activity
- 3) A budget for each program and activity detailing personnel and operating costs

PDE has developed the Accelerated Learning Toolkit, a significant cadre of resources and trainings, to support LEAs in the development of their plans. The Accelerated Learning Toolkit can be found [Link to Accelerated Learning Toolkit](#).

Needs Assessment: In this section, LEAs are asked to describe the impact of the pandemic on their students, examine disproportionate impacts on specific student groups, and highlight the LEA's promising practices in supporting students' needs since March 2020.

Indicators of Impact

1. Describe how the LEA identified students for inclusion in after-school programming. Include a brief description of the indicators used in the decision-making process.

After reviewing our PSSA and Keystone data, we determined that we have an academic crisis. Our students are not growing academically. All but a handful are not proficient. Additionally, we had many behavioral issues at the start of this school year. There are many social and emotional needs that need to be met. Because the needs are so high for most of our students, our goal is to invite any student who would like to participate in our after school program.

Section: Narratives - After-school Program

After-school Program Questions: In this section, LEAs are asked to describe the activities they have designed to provide after- school programming for their students.

2. Identify the target student-group for the summer school program. Will the focus be on academic growth, social and emotional wellness, or some other factor to support student growth? For each group, provide specific strategies that were used or will be used to identify and measure impacts.

Student Group	Area of Focus	Number of Students Served	Provide specific strategies that were used or will be used to identify and measure impacts
English Learners	Academic Growth	45	WIDA Screener and Surveys
Children from Low-Income Families	Emotional Wellness	40	Survey of students and parents

3. Describe the evidence-based resources that will be used to support student growth during the after- school program.

Thrively - College and Career Readiness lessons
 Financial Aid application process, college prep with counselors for juniors and seniors
 Thrively - Social emotional activities and how to interact socially, time management skills

4. Describe the staff that will provide the after- school program (i.e., Internal staff or outside resources).

Number of Staff Members	Internal/Outside Provider	Role
4	Internal	ESOL Coordinator ESOL Tutor Guidance counselors

- a. The LEA assures it understands it is responsible to offer the work to its internal employees prior to engaging outside entities.

b. The LEA assures it understands it is responsible to ensure that all after-school program staff hold the appropriate certifications for the program that is being delivered.

5. How will the LEA assess the success of the after-school program? Please identify the tool, frequency of use, and expected results.

Tool Used to Evaluate Success	Frequency of Use	Expected Results
Attendance	Weekly	We hope to see consistent attendance as the program continues.
Survey	At the beginning and end of program	Students and parents will feel that the program was worthwhile.

6. How will the LEA engage families in the after-school program?

Parents will receive a survey so we can plan activities accordingly. Also, we will make sure all communication goes out in English and Spanish. Families will receive a weekly bulletin/schedule regarding the after school activities as well as resources to support.

Section: Budget - Instruction Expenditures

Instruction Expenditures

Budget

\$30,443.00

Allocation

\$30,443.00

Budget Over(Under) Allocation

\$0.00

Budget Overview

Function	Object	Amount	Description
1000 - Instruction	100 - Salaries	\$10,000.00	Teachers will be paid a stipend for staying after school to teach the programs.
1000 - Instruction	600 - Supplies	\$5,000.00	Materials to help with homework, organization, social and emotional needs.
		\$15,000.00	

Section: Budget - Support and Non-Instructional Expenditures

Support and Non-Instructional Expenditures

Budget

\$30,443.00

Allocation

\$30,443.00

Budget Over(Under) Allocation

\$0.00

Budget Overview

Function	Object	Amount	Description
2700 - Student Transportation	300 - Purchased Professional and Technical Services	\$15,443.00	Transportation costs for students to participate in the after school program.
		\$15,443.00
